

# WHE Career Day

Rene Morozowich  
[renemzw.com/whe](http://renemzw.com/whe)

Hi, I'm Rene.

I build websites for  
small businesses.

What are some  
examples of small  
businesses?

Why might a small  
business need help?

But, wait. Why does  
a small business  
need a website in  
the first place?

What should a small  
business website  
contain?

What makes a  
website good?

(I actually do more  
than just build  
websites.)

I went to school for  
Computer Science.

I am a small  
business myself!

Here are all the  
reasons I like this  
type of work.

And here's  
something exciting.

Thanks for having  
me! Any questions?
